BACKEND DEVELOPER | MERN STACK & INFRASTRUCTURE ENTHUSIAST

PROFESSIONAL PROFILE

Software Developer with a strong foundation in the MERN stack (Node.js, MongoDB) and a proven track record of building scalable backend APIs. Deeply passionate about infrastructure, containerization (Docker), and server management. Seeking to leverage application-layer expertise to transition into a dedicated DevOps/Infrastructure role to support high-traffic, live consumer platforms.

TECHNICAL SKILLS

Infrastructure & DevOps: Docker, Firebase, Git/GitHub, Vercel, Linux (Ubuntu)

Backend & Databases: Node.js, Express.js, MongoDB, SQL, Python, C++

Frontend: React, Next.js, JavaScript, TypeScript, TailwindCSS

PROFESSIONAL EXPERIENCE

Hynitr | Backend Developer (*May 2024 - Dec 2024*)

- Architected and deployed backend APIs using Node.js, managing database schemas and ensuring high availability for user-facing features.
- Managed environment variables and deployment workflows, ensuring secure and stable releases.
- Collaborated with cross-functional teams to design database structures that seamlessly supported intuitive user interfaces.

Gogo Rides | Fullstack Developer (*May 2023 - Dec 2024*)

- Rebuilt core backend logic and database structures in Node.js/MongoDB to optimize API response times for map-independent ride allocations.
- Ensured cross-environment stability during the deployment of responsive React features.
- Implemented custom routing algorithms, improving backend performance and reducing external API dependency.

Cyfrin Updraft | Blockchain Developer (*Aug 2025 - Present*)

- Developing applications with a strong focus on security best practices, optimization, and rigorous testing frameworks.

Toptech Engineering Ltd | Engineering Intern (*Apr 2024 - Sep 2024*)

- Maintained technical consistency across diverse platforms and hardware environments to support operational initiatives.

EDUCATION

B.Eng. Mechatronics Engineering | Federal University, Oye-Ekiti (2019 - 2025)

- Focus: Embedded Systems, Control Systems, Logic Design, and Applied Mechanics.

CERTIFICATIONS & TRAINING

- Smart Contract Development - Cyfrin Updraft (Ongoing)
- Smart Contract Development – Web3Bridge, Ikorodu, Lagos (2026)
- Web Development Training - SQI College of ICT (2022)
